Subject: Supplier's Material Safety Data Sheets (MSDS)

Dear Ms. Lally:

Enclosed you will find the following most recent updated copies of
MSDS's for the Composite preregs we supply you with:

Formulated Resin Polymer Code

Generic Substrates

CPH 2207

Graphite, Woven Glass

Please remove any earlier editions of these product MSDS's from your references for they are obsolete and must not be utilized for Employee Training under Cal/OSHA General Industry Safety Order #5194 or for industrial hygiene reference. Please distribute copies of the enclosed MSDS's to appropriate personnel in your company for their reference.

If you have any questions on this subject, please phone me at (213) 944-0111. Enclosed you will find my business card. We look forward in continuing to serve McDonnell Douglas Aircraft Company as a supplier of composite preregs.

Sincerely,

FERRO CORPORATION
